Transfer of Students between Providers

Policy / Procedure Number: 019

1. Policy

This policy/procedure supports ‘Standard 7 – Transfer between registered providers’ of the ‘National Code of Practice for Registration Authorities & Providers of Education & Training to Overseas Students 2007’.

This policy ensures that AITT does not enrol any transferring international student prior to the completion of 6 months of their principal course unless that student has a valid letter of release agreeing to such a transfer.

Policy Statement: The AITT will not knowingly enrol the student wishing to transfer from another registered provider’s course prior to the completion of six months principal course of study except where:

a. The original registered provider has ceased to be registered or the course in which the student is enrolled has ceased to be registered;
b. The original registered provider has provided a written letter of release;
c. The original registered provider has had a sanction imposed on its registration by the Australian Government or state or territory government that prevents the student from continuing his or her principal course; or
d. Any government sponsor of the student considers the change to be in the student’s best interest and has provided written support for that change.

All application from current AITT students to transfer provider will be assessed in a timely manner and as per procedure outlined below.

Definitions:

Incoming student: Any student who is currently enrolled with another education provider and is willing to transfer their studies at AITT.

Outgoing students: Any student who is currently studying with AITT and is willing to transfer his/her studies from AITT to another provider.

The following procedures have been separated into ‘Incoming students’ and ‘Outgoing students’

2. Procedure

2.1 Incoming students

The following procedure is relevant to any student who applies for a course within the AITT and is currently studying on-shore with another registered provider.

For this procedure to be completed, the applicant must provide a copy of their Student Visa and COE number from previous provider to search for student’s personal details into PRISMS. Once this information is obtained the following steps are taken:

I. Director of Studies accesses the student personal details via PRISMS.
II. Using the copies for COE / Offer letter from student’s current education provider, Director of Studies will ascertain if the length of studies completed in their current principal course of study is greater than 6 months. They may also request the copy of the student visa & the passport to ascertain student’s arrival date to Australia.

III. In completing this process a copy of the PRISMS record will be printed and will be attached to the student’s application.

IV. If they have completed more than 6 months of their principal course of study, the application process will be finalised as per AITT’s policies.

V. Where a student has NOT completed 6 months of their principal course of study, they will be advised to provide an appropriate letter of release from their current education provider unless any of the conditions (a-d) as listed under policy statement are applicable.

VI. To support with the release letter application, student may be provided with a ‘Conditional’ Letter of Offer (Appendix A) which clearly states that an offer of a place is contingent on applicant obtaining a letter of release.

Note: Where a student is in receipt of a Government scholarship, he/she should provide written support from the government agreeing to the change which will stand in lieu of any letter of release.

VII. If such a letter of release is received and the student has no outstanding fees to be paid to the prior institution or other outstanding matters of concern, the application will be finalised as per AITT’s policies.

VIII. If satisfactory letter of release is not obtained from such students, the application process will be halted and the student will be informed that they are unable to transfer at this time. They are welcome to re-activate their application when the six month period into the principal course of study is passed.

2.2 The National Code 2007 restricts the capacity of students to transfer to other providers prior to completing six months of their principal course. AITT will not allow students to transfer to another provider within six months of the commencement of their principal course of study in circumstances where the transfer would be detrimental to the study plan as detailed in their application.

Circumstances that are considered detrimental to a student’s study plan could be but are not limited to:

- Change in Study Plan
- Transfer to a lower level of studies
- Increased tuition costs, particularly in cases where deposits paid in advance to AITT are non-refundable
- Increased duration of studies in Australia
- Insufficient preparation for further studies
- Qualifications not recognised by Higher Education Providers as satisfying their entry requirements
• Level of support services at new provider are not equivalent to AITT’s support services
• Transfer would jeopardise student’s progression through a package of courses
• Within 6 months’ of a course beginning students may experience home-sickness and transfer to another registered provider is not likely to overcome this problem
• Where AITT is of the view that the student is avoiding being reported to DIAC as a result of failure to meet academic progress requirements

Any requests that are received in relation to a student wishing to transfer education providers shall be the responsibility of the Director of Studies. The Director of Studies shall assess the applications to transfer education providers and conclude an outcome based on the following procedure.

2.3 Outgoing students

The following procedure is relevant to those students wishing to transfer to another education provider prior to completing six (6) months of their principal course of study at AITT.

I. Students may send a written request (e-mail is satisfactory) to CEO / Director of Studies indicating their wish of transferring the course to another provider along with the detailed reasons.

II. Release letter shall be issued only in situations as listed below:
- AITT has cancelled/ceased to offer your program (letter from AITT supplied)
- Government sponsor considers the change to be in your best interest, if you are a sponsored student (written confirmation from sponsor required)
- Exceptional circumstances (documentation required to support circumstances and a letter of offer from another provider is required)

III. The student is required to provide a valid ‘offer of enrolment’ from the new provider authenticating the transfer and the student is able to provide a letter indicating the benefits of transferring from their current course of study.

IV. In assessing the application to transfer, administration will check the following points:
- Ensure any outstanding fees are paid
- Ensure the student is fully aware of all issues relating the transferring of providers
- Check student records to ensure the student is not trying to avoid being reported to DIAC due to the breach in course progress requirements.

V. Once the above points have been addressed by the Administration officer, a ‘Letter of Release’ (Appendix B) will be granted at no charge to the student. The student will also be advised of the need to contact DIAC and obtain a new visa if the course they transfer to is not a Higher Education / VET course. Any relating issues will be reported to the CEO / Director of studies.

VI. Director of Studies must report the student’s termination of studies via PRISMS
Note:

- The above process should not take more than 48 hours once the student has provided all the necessary documentation.
- All requests, considerations, decisions and copies of letters of release shall be placed on student’s file
- The approval of transfer of a student to another institution does not indicate the agreement to provide any refund. Refunds are governed by the AITT’s refund policy independent of this policy.
- The letter of release will be issued at no extra cost to the student
- Student will be advised that “Student need to contact the DIAC offices to seek advice on whether a new Student visa is required.
- In the event of refusal to release the student, AITT will provide written reasons for refusal.
- Refusal of the release will be consistent with the AITT’s policy and procedure as set out in point 2.2 of this procedure and the other requirements of the standards, especially Standard 7.5 of National Code 2007
- AITT will inform the student of his or her right to appeal the AITT’s decision in accordance with the AITT’s complaints and appeals policy and procedure.
